

Highway 427 Expansion

BULLETIN #1

March 2018

Introducing LINK427

LINK427 is the consortium responsible for the design, construction, finance and maintenance of the Highway 427 Expansion. LINK427 is made up of an international team of designers and constructors.

ACS Infrastructure Canada Inc. and Dragados Canada Inc. are Canadian investment and construction subsidiaries of the ACS Group, one of the largest infrastructure developers in the world. With over 45 years of experience ACS Group has developed over 150 P3 projects globally,

more than 70 of which are in the transportation sector. ACS Group's experience includes the operation and maintenance of over 6,900 km of highways and 320km of railways globally. Together, they are currently developing and constructing more than \$16 billion in Canadian transportation infrastructure, including the Eglinton Crosstown LRT in Toronto and the New Champlain Bridge Corridor Project in Montréal.

The Miller Group has been building roads throughout Canada, the Southeastern United States and internationally for 100 years.

Founded in Oakville, Ontario, Bot Construction is one of the province's largest privately owned and operated heavy civil engineering and construction companies and a leader in the transportation infrastructure sector.

Meet the Team

Vicente Valencia, CEO

Vicente is CEO at LINK 427 and has almost 15 years of experience in the Public-Private Partnership Industry, serving as a CEO, COO and Board Member in several of ACS Infrastructure's transportation projects in Canada and internationally. He is trained as a civil engineer by the Universidad Politécnica de Madrid in Spain and the Ecole Nationale des Ponts et Chaussées in France. He also holds an MBA from the IE Business School.

As a CEO with maximum responsibility for the Project, Vicente will supervise construction and ensure delivery of the Project. He will also manage a smooth transition to the Operations and Maintenance Period.
